Investor Identification

Anti-Money Laundering and Counter Terrorism Financing Laws

We are required to comply with AML/CTF Laws, including the need to establish your identity and, if relevant, the identity of other persons associated with your investment, including Bond Representatives, Bond Guardians and Bond Estate Nominees.

To complete our identification verification process, we require details of a current driver's licence or passport. If you are unable to provide details of a driver's licence or passport, please contact us for a list of other eligible identification documents.

This requirement applies to all individual applicants, company directors, beneficial owners, trustees (including directors and beneficial owners of a company trustee), trust beneficiaries and any Bond Estate Nominees, Bond Representatives or Bond Guardians. We may, from time to time, require additional information to assist with this process.

We may not be able to transact with you or other persons, should we be unable to establish your or their identity. This may result in delaying, blocking, freezing or refusing to process a transaction or ceasing to provide you with a product or service. This may impact on your investment and could result in a loss of contributions and investment earnings. Futurity is not responsible for any of these events or their consequences. We utilise a third-party service provider to undertake identity verification on our behalf.

To comply with AML/CTF Laws, we may also require you to disclose whether you are or have an association with a Politically Exposed Person (as defined and determined by the AML/CTF Laws) and to identify the source of wealth and funds.

- is an immediate family member of a person referred to above or is a close associate of that person.

☐ No – Please complete the below Target Market Determination questions for all applicant types including companies/trusts.

Target Market Determination

We are required under Part 7.8A of the *Corporations Act 2001* (Cth) to determine whether your reasons for investing are consistent with your selected product's attributes and the product's Target Market Determination (TMD). A copy of the TMD is available at **futurityinvest.com.au**.

Your responses to the following questions are required to help us determine (based on the limited responses received) if this product is suitable for your investment needs. Should we determine that your investment is not consistent with the Target Market Determination, your Application will not be processed.

These questions are used to assess whether this product is consistent with your investment objectives, financial situation and needs as described in the product's TMD. This assessment is not personal financial advice. If you are uncertain whether this product is appropriate for your circumstances, you should seek advice from a licensed Financial Adviser before proceeding.

1) Are you comfortable with identifying the level of investment risk you are prepared to take and selecting your own Investment Options? ☐ Yes ☐ No

2) Futurity Investment Bond is a medium-to-long-term tax-effective saving and investment product. Do you intend to hold the product for more than 5 years? ☐ Yes ☐ No

3) This product reinvests earnings rather than distributing them as regular income. Are you comfortable investing in a product that makes earnings available via withdrawal requests, rather than automatically distributing earnings on a regular basis? ☐ Yes ☐ No

4) Can you confirm that you are looking to invest with the ability to access your investment if required, noting that access to your investment is subject to the following product conditions: ☐ Yes ☐ No

- a minimum bond balance of $500 must be maintained at all times; and
- in certain circumstances Futurity may defer or delay the processing of withdrawal requests (see the PDS for details).

Are you comfortable with the access conditions?

5) The tax advantages of the product are, usually, maximised for investors with a marginal tax rate (MTR) above 30%. Do you have an MTR above 30% and/or are you investing for a non-tax related strategy (for example, estate planning, wealth transfer, asset protection, alternative to superannuation etc.)? ☐ Yes ☐ No

6) Investment bonds are not considered to be in the target market for superannuation funds which must be maintained solely to provide retirement benefits to their members. Are you a superannuation fund looking to invest in the product? ☐ Yes ☐ No

7) Investment bonds are not portable between product issuers. Are you wanting to transfer your Futurity Investment Bond to another product issuer after establishment? ☐ Yes ☐ No

At least one life insured is required. Additional lives insured may be added at any time. However, lives insured cannot be removed once they have been added to a bond. Refer to PDS Part A for more information about life insured.

Select below who you want to nominate as the life/lives insured. You can nominate more than one person but they must be a natural person and not a company or trust.

Section 6. Estate planning

The bond includes estate planning tools designed to assist in meeting wealth transfer objectives with the Future Activated Transfer and Bond Estate Nomination features.

With the Future Activated Transfer feature, bond ownership can be automatically programmed to transfer from the original Bond Owner to a nominated Future Activated Transfer recipient.

The Bond Estate Nomination feature enables death benefit proceeds to be paid directly to nominated beneficiaries without passing through a will or legal estate.

Additionally, up to three Bond Guardians can be appointed to act in the capacity of the Bond Owner in the event of the death, or the legal, physical, or mental incapacity of the last surviving Bond Owner.

If the Future Activated Transfer and Bond Estate Nomination features are not selected, the death benefit proceeds will be paid directly to the Bond Owner or to the Legal Personal Representative of the last surviving Bond Owner's estate to then deal with in accordance with their will and legal estate arrangements.

Refer to the 'Estate planning' section of PDS Part A, or contact us for further details.

6A. Estate planning preference

Please select your estate planning preference below. (Select one only)

☐ Future Activated Transfer
Proceed to Section 6B (mandatory) and 6D (optional), then proceed to Section 7.

OR

Proceed to Section 6D (optional), then proceed to Section 7.

6B. Future Activated Transfer

By using a Future Activated Transfer, you can set a future date or event (such as death of the last surviving Bond Owner) for the bond to be automatically transferred to another person.

A Future Activated Transfer arrangement can be changed by you at any time prior to the transfer being completed.

Instructions

Select when the future transfer of your bond is to be activated:

☐ Transfer upon the death of the last surviving Bond Owner (for individual and joint applicants only).

OR

☐ Transfer on the following date: / /

If the death of the last surviving Bond Owner occurs before the transfer date provided above, your Bond Guardian/Legal Personal Representative will hold the bond for future activation.

For a Future Activated Transfer to become legally effective, it is a requirement of the *Life Insurance Act 1995* that a Bond Ownership Transfer Form (Memorandum of Transfer) is completed. This must be signed by the person(s) transferring the bond and also signed by the Future Activated Transfer recipient(s) (i.e the person(s) who will become the bond's new owner(s) upon the transfer being registered by us). If the Future Activated Transfer recipient is under the age of 16, a parent and/or guardian can sign on their behalf (including signed by you if applicable).

Upon completion, this part of the Application Form will be deemed a Memorandum of Transfer, which can be executed in counterparts. Futurity will recognise and effect the transfer upon the person(s) transferring the bond having undertaken all steps to complete the transfer, and the Future Activated Transfer recipient(s) subsequently accepting the Memorandum of Transfer.

Additional identification verification will be required in line with AML/CTF Laws as and when appropriate.

Natural person Future Activated Transfer recipient(s) will be registered as additional life/lives insured to this bond.

Upon transfer, any existing Bond Estate Nomination and relevant Appointed Associates will be cancelled and revoked. Existing Regular Savings Plan arrangements, Regular Withdrawal Plan arrangements, auto-reweight facility and dollar cost averaging facility will also be removed upon transfer.

6C. Bond Estate Nomination

The Bond Estate Nomination feature enables you as the Bond Owner (including as joint Bond Owners) to nominate one or more Bond Estate Nominees to receive your bond balance in the event of a Bond Death Maturity occuring.

A Bond Estate Nomination can be changed by you at any time.

If a partial Bond Estate Nomination is made by allocating less than 100% total to the Bond Estate Nomination selection, the unallocated percentage will be paid to the Bond Owner or pass under the will and legal estate of the last surviving Bond Owner in the event of a Bond Death Maturity occurring.

Instructions

I/We direct and instruct Futurity:

(a) that if Bond Death Maturity occurs, that my/our bond balance shall be paid to the Bond Estate Nominees (named below) in accordance with the percentage entitlements as indicated;

(b) that if a Bond Estate Nominee who is a natural person predeceases the Bond Death Maturity event, then their respective share shall lapse and shall be allocated on a joint suvivorship basis to the remaining individual person nominee or nominees on a pro-rata basis in accordance with their applicable proportional entitlement according to the percentages of bond balance specified below;

(c) that if I/we have granted or in future grant a power(s) of attorney, then unless there is express power in such power(s) of attorney, I/we declare that it is not my/our intention that it can be used to change or revoke this Bond Estate Nomination;

(d) that I/we agree that if I/we transfer my/our bond, then this Bond Estate Nomination shall be cancelled and revoked upon registration of the transfer by Futurity; and

(e) that I/we agree that additional identification verification will be required in line with AML/CTF Laws as and when appropriate.
